Dear all,

I hope this email finds you well. In this email, you will find information for travel arrangement about the upcoming Advisory Board, as well as the organisation of the following one in April 2024.

- **Advisory Board #4 - 8-9 November 2023: Register for your travel**

I am pleased to announce that the next Advisory Board will be in Paris, on 8-9 November 2023.

The Foundation for Research on Biodiversity (FRB) is in charge of organising your travel and accommodation as well as the reimbursement of related expenses. Once you have filled out the form with your information, we will contact you shortly to finalise your travel booking.

Please fill out the following form for your travel arrangement by September 30th:

For the stakeholder members, should you be unavailable please let us know so that we can forward to your alternate.

We are working on the agenda of the sessions and the documents that we expect to start sharing in October with you.

- **Advisory Board #5 - April 2024: Poll to find a date**

As discussed during our latest AB meeting in May, and with the Chairs of the Board, we have decided to host this meeting back to back with the Enlarged Stakeholder Board, having the conclusion session of the ESB overlapping with the start of the AB.

This meeting will be in April 2024. In order to find the best suiting date, I set up the following Doodle. We are targeting at least 1,5 days at the end of the week (Wednesday, Thursday or Friday). Once the date is secured for the AB, we will associate the ESB meeting to these dates (early week).

Doodle:

Please fill out this Doodle by **29th September**.

This meeting in April will likely not be in Paris. We are currently exploring possibilities, keeping in mind the centrality and easy access of the location.

While I am looking forward to hearing from you and seeing some of you in Biodiversa+ General Assembly, I wish you a pleasant day.

Best regards,

Julia BETHE
