

Meeting/workshop

Frederik Forsberg (SEGES)

Frédéric Lemaitre (Biodiversa+)

20-10-2023

STØTTET AF
Promilleafgiftsfonden for landbrug

SEGES
INNOVATION

Objective and agenda

Objectives

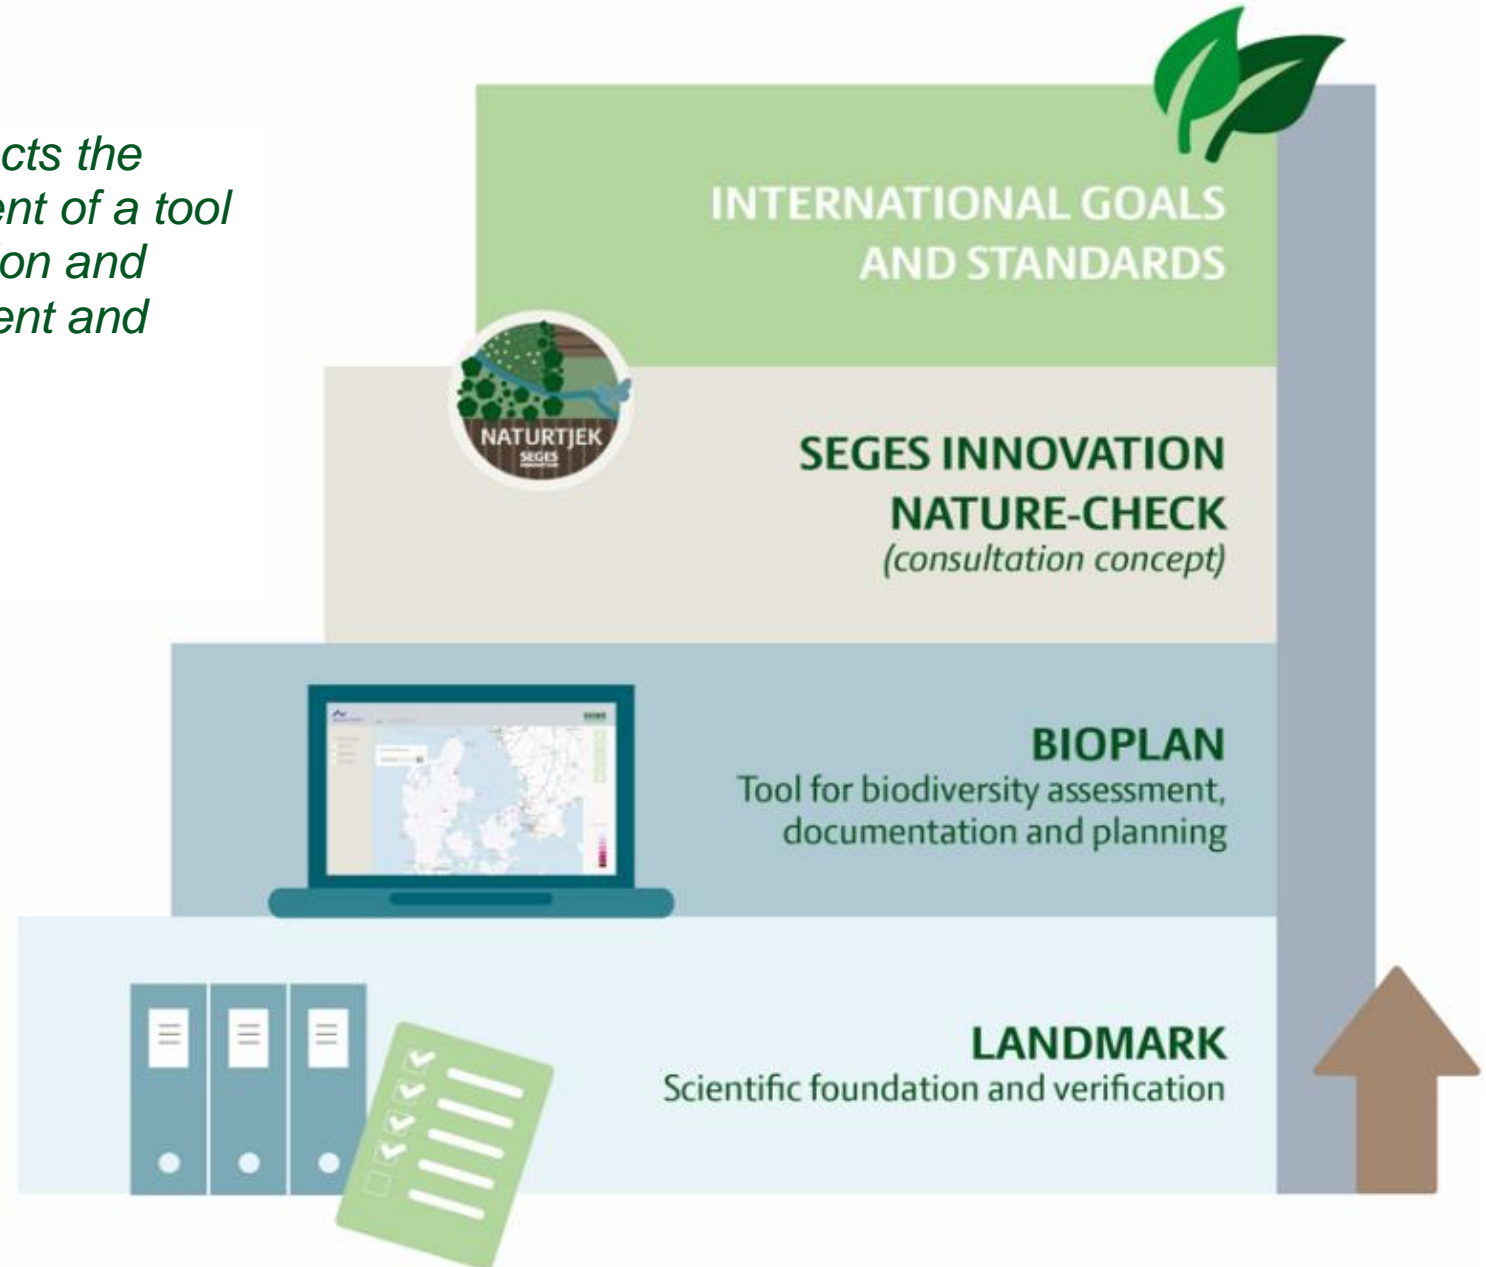

1. Evaluate relevance for the LANDMARK project in relation to Biodiversa+
2. Next step/-s regarding LANDMARK and Biodiversa+ cooperation

Agenda

1. Presentation of the LANDMARK project and approach
 - Overview of the project
 - Potential of the model approach and cooperation (discussion)
2. Current state of the project and potential
 - Overview of current deliveries and goals for 2024
 - Potential for expansion and development (discussion)
3. Suitability regarding Biodiversa+ (decision)
4. Next step/-s (decision)

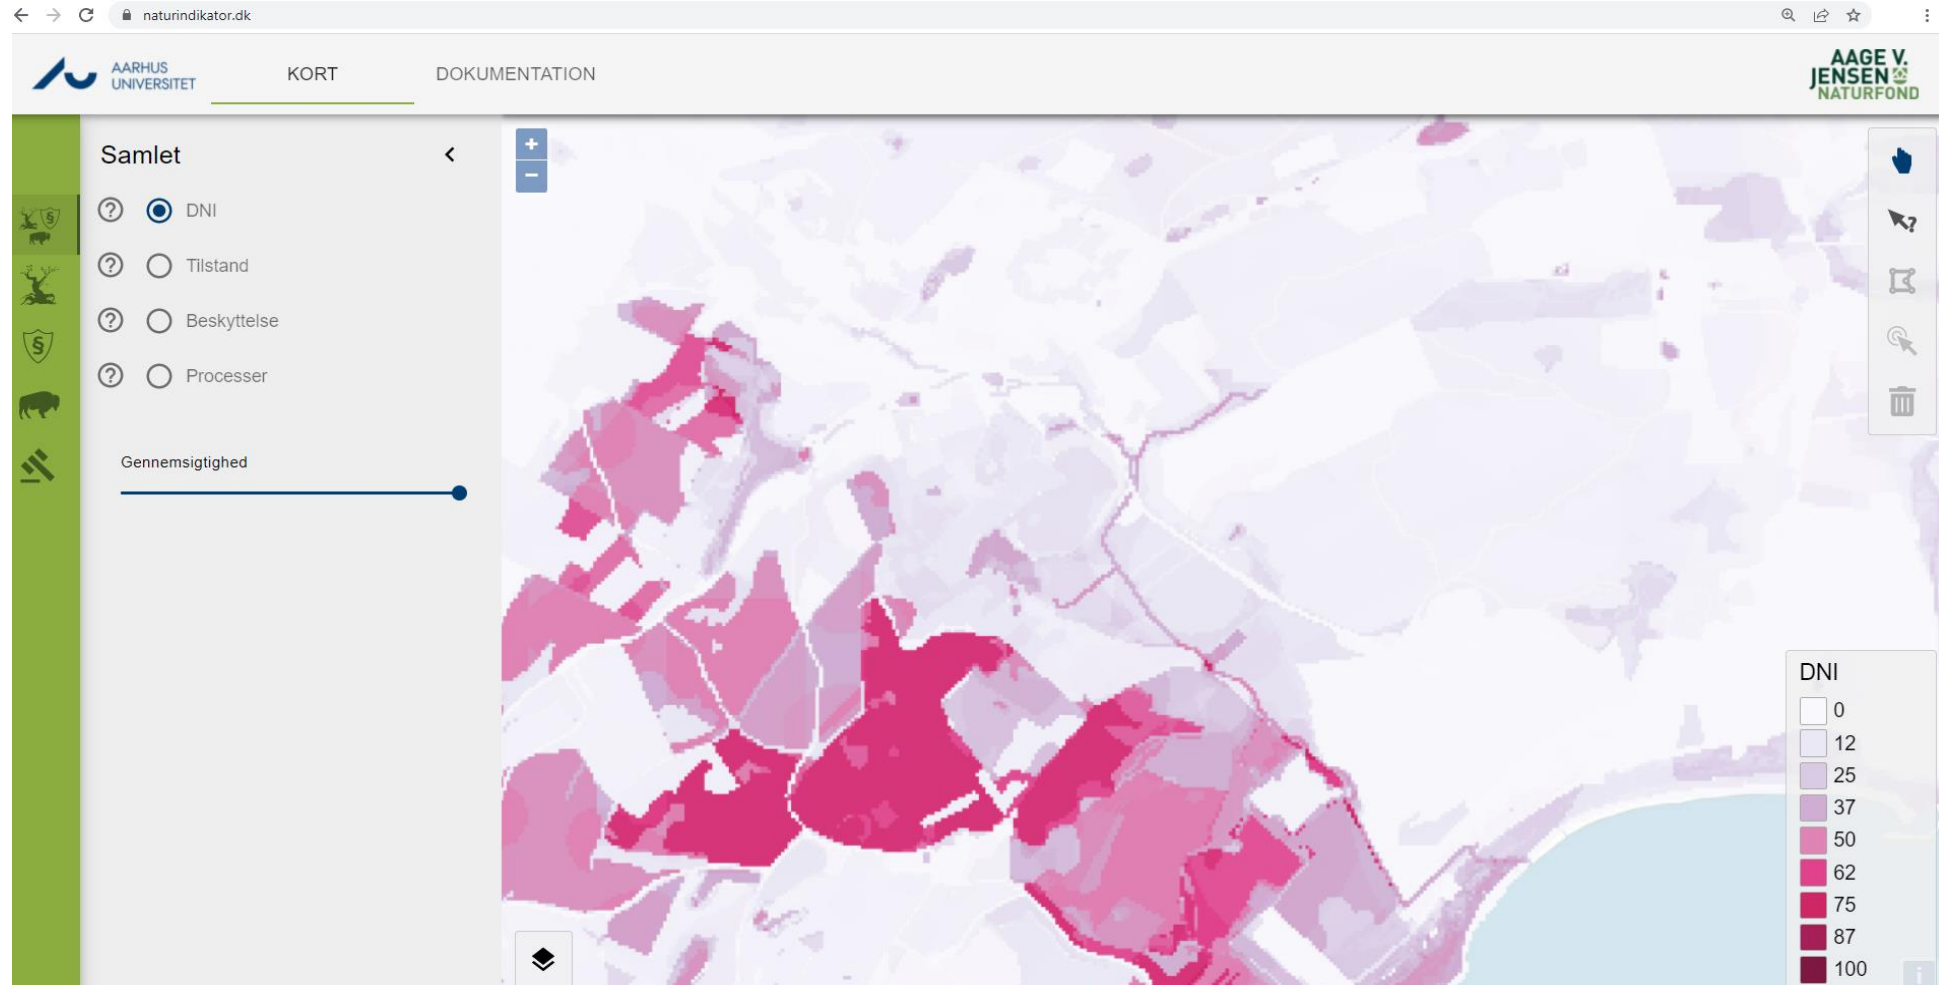

Project overview

The LANDMARK project creates and collects the foundational knowledge for the development of a tool (BIOPLAN) that can support the consultation and communication efforts to comply with current and future goals and standards
